KIET
GROUP OF INSTITUTIONS

(A Technical Campus approved by AICTE & Affiliated to Dr. A.P.J. Abdul Kalam Technical Univ., Lucknow) Accredited by NAAC with Grade 'A' (5 yrs) Ghaziabad-201206

About KIET

KIET was established in 1998 with the Intake of 198 students. Presently the Institute has more than 5000 students on its rolls : A substantial growth in 20 years to meet the need of quality technical education in U.P. We have been pioneered in providing technological, pharmaceutical and management education by offering Bachelor and Master programs in these fields. Most of the departments are accredited by NBA. Also, KIET is accredited by NAAC with "A" Grade. KIET has been maintaining excellent results over the last several years and has been consistently rated as one of the best Institutions of AKTU (formerly UPTU).

Department of Civil Engineering was established in the session 2008-09 in KIET Group of Institutions, Ghaziabad, affiliated to Dr. APJ Abdul Kalam University, Lucknow.

About the Department

Owing to tremendous growth in the infrastructure sector in India and abroad, the demand of Civil Engineers has been on the rise. To fulfill the growing demand and to cater to the engineering needs of the nation, the institute offers B.Tech degree course in Civil Engineering which is four year engineering degree program of Dr. A.P.J. Abdul Kalam Technical University. The under graduate program provides rigorous analytical study along with realistic practical solutions. The latest surveying techniques with remote sensing are the important features of curriculum.

The teaching of structural analysis with CAD drawing and design using latest software, along with instrumentation and field studies provide all elements for producing a good Civil Engineer. The gain in knowledge of student from practical experience from the field studies to building industries, real estates, bridges, highways, flyovers, dams, and irrigation structure are top priorities of academic program.

The department of civil engineering came into existence from the session 2008-2009 and seven batches have passed out so far. The department started with sanctioned intake of 60 students and presently it has enhanced sanctioned strength of 120 students. The department has an excellent industrial interaction and contributes to the industry by offering consultancy services.

About the conference

1st Conference on INNOVATIVE & SUSTAINABLE DEVELOPMENT (ISD-2018) aims to provide a forum for researchers, practitioners, and professionals from the industry, academia and government to discourse on research and development, professional practice for sustainable development in the field of science & technology. The first National Conference will focus on presenting novel and fundamental advances in the fields of science & technology. It also serves to foster communication among researchers and practitioners working in a wide variety of scientific areas with a common interest for enhancing the new techniques and its sustainability across the globe.

ISD 2018 welcomes scholars, researchers and professionals working in the distinct field of science and technology across the country to attend the conference and share their experiences and lessons with other enthusiasts, and develop opportunities for all.
