### About GCET

Galgotias Educational Institutions (GEI) comprising of Galgotias College of Engineering & Technology (GCET), Galgotias Institute of Management & Technology (GIMT) and Galgotias College of Pharmacy (GCP) were founded by Smt. Shakuntla Educational and Welfare Society. GCET has grown since its inception for its academic excellence synergizing theoretical knowledge and practical skills in the emerging fields of engineering and technology with a close social and industrial interface. It has acquired a unique status in the state of Uttar Pradesh, Delhi-NCR region, and India as a whole by breaking new grounds in producing professionals of national and international acclaim and recognized as one of the top-ranking institutions.

### Vision of the Institute

To be a leading educational institution recognized for excellence in engineering education & research producing globally competent and socially responsible technocrats.

### Mission of the Institute

- To provide state of the art infrastructural facilities that support achieving academic excellence.
- To provide a work environment that is conducive for professional growth of faculty & staff.
- To collaborate with industry for achieving excellence in research, consultancy, and entrepreneurship developments.

## About Information Technology Department

The department of Information Technology offers engineering programme at the undergraduate as well as at the post graduate levels. The course is designed to provide comprehensive knowledge of information technology with emphasis on applications together with a judicious blend of technical skills. The vibrant faculty members of the department possess demonstrated expertise in many areas of information technology and flair for teaching different courses. The department consists of a medley of faculty members with industrial and academic experience. The department with the passage of its evolution and growth has succeeded in creating its place of excellence within the Institute as well as among its counterparts in the country.

## Vision of Department

To become the center of excellence for quality education and globally innovation to fulfill the need of the Information Technology industry and society.
