Introduction

Under the visionary leadership of eminent educationist Dr. S. C. Kulshreshtha, about one and half decades back, acclaimed academicians, leading industrialists and prominent bureaucrats came together to form Shri Ram Charitable Trust. The vision behind was to promote and fulfill the need of technical and professional higher education, skill development and entrepreneurship inculcation among young students of India and neighboring underdeveloped countries.

In a very short span of time, the family of Shri Ram Group of Colleges has grown tremendously. At present more than 13000 students are studying in the group. Today Dr. S. C. Kulshreshtha has spread his educational empire in three districts of Uttar Pradesh i.e. Muzaffarnagar, Saharanpur and Bulandshahr. The Group includes:

Shri Ram Group of Colleges, Muzaffarnagar comprises of:

- * Shri Ram College of Engineering
(Affiliated to AKTU, Lucknow and Approved by AICTE)
- * Shri Ram School of Architecture
(Affiliated to AKTU, LKO and Approved by COA, AICTE)
- * Shri Ram College of Management
(Affiliated to AKTU, Lucknow and Approved by AICTE)
- * Shri Ram College
(Affiliated to CCS University, Meerut and Approved by UGC, NCTE)
- * Shri Ram Girls College
(Affiliated to CCS University, Meerut and Approved by UGC)

About SRCM

To cater the need of corporate world, Shri Ram charitable Trust took a further step by opening Shri Ram College of Management. SRCM has been cultivating management skills in younger generation. In a short span of 12 years, SRCM has grown tremendously. It has become a landmark by providing holistic development of its students enabling them to match the corporate demand. The college is affiliated to Dr. A.P.J. Abdul Kalam Technical University (formerly UPTU), Lucknow. The college runs P.G. programmes in MBA, MCA since 2006 and PGDM since 2010. SRCM has been selected for participation in the national skill endeavour through the Pradhanmantri Kaushal Vikas Yojna (PMKVY-TI)

for the academic year 2017-18 in 03 specializations i.e. Dealership Sales and Value Added Services Executive, Showroom Hostess Customer Relationship Executive and Junior Software Developer, These job roles will open the opportunities in Automotive and IT Sector.

About the FDP

Teachers play different roles as mentors, coaches, advisers, and friends, and each of these roles requires professional skills. A good teacher as a coach uses explanations, demonstrations and statistical tools to ensure that what his students have learnt; becomes usable and provides a support system to the class.

As a teacher, it is our responsibility to consistently develop our teaching skills. The success of our students depends upon our skills as an educator. That's why faculty development programmes are so important. On one part the motive of this faculty development programme is to keep ourselves armed with the latest methods of research, while on the other side it has been designed to keep the teachers acquainted with the latest softwares which are being used by renowned professionals. The FDP on "Research Methods and Data Analysis through Advance Software" will help the academicians to sharpen their tools to be future ready.

FDP Objectives

1. To enrich the research methodology skills of academicians working in various fields.
2. To create awareness about the advance software among the academicians.
3. To provide the hands on training and to develop expertise of data analysis through Software like SPSS, R Software etc.

Highlights of the FDP

1. How to choose a research problem.
2. How to develop statement of problem and formulation of hypothesis.
3. How to do sampling and scaling.
4. How to collect data and techniques of interpretation.
5. How to test hypothesis with the application of parametric and non-parametric tests.
6. How to select tools for research operation.
7. What are the softwares available for research.
8. How to operate software for research inferences.
9. How to interpret and write research.

Expected Outcome of the FDP

1. Data analysis skills will be upgraded in academicians.
2. Participants will do ample practices about research work and projects.
3. Academicians will be able to conduct their research work with advance software.
