Sub: Regarding opportunity for the energetic and talented students to present their skills in the model/prototype making competition in Global meet program to be organized on 23-24 April 2022 at Indira Gandhi Pratishthan, Lucknow to mark 175 glorious years of IIT Roorkee.

Dear All

Please refer to the letter of IIT, Roorkee Alumni Association, Lucknow Chapter (enclosed) regarding opportunity for the energetic and talented students to present their skill in the model/prototype making competition before the veteran professionals in the field whether Academia or Professional. The shortlisted six concept presentations shall be suitably awarded during the Global meet program by IIT Roorkee Alumni Association.

Further, being a collaborator for the event, the University will also felicitate winners of the event. Tablets will be awarded by the University to the winners, 1st from each category on the topic (theme) below:

- Use of drone technology
- Use of Robotics
- Use of technology in social life

It is an opportune platform for all the young & budding technocrats/engineers of AKTU affiliated colleges to demonstrate their skills.

(Prof. Pradeep Kumar Mishra)

Vice Chancellor

Subject: Celebration of 175th year of IIT Roorkee- concept presentation over live technical issues.

Sir,

It is a matter of immense pride that our Nation is celebrating **75th** year of Independence and at the same time, University of Roorkee shall celebrate the completion of **175 years** of its existence in 2021-2022. The University of Roorkee, now the Indian Institute of Technology had a modest beginning as college of engineering in 1847 and later turned into Thomason College of engineering in 1854, converted to the First Technical University of India in the year 1949. This moment not only indicates the deep rooted history of this institution but is also an indication of the service that it has provided in the process of technical escalation of our country. The institution has an inimitable record in nurturing the enormous talent of this country and providing them with the best of the scientific and technical education of the world and yet never losing its lustre. The institution has been incessant in rendering an idol path for the upcoming institutions and universities to follow. These **175 years** have been great years of technical advancement for our country and the institution pledges to provide much more in the upcoming years.

On the occasion of completion of **175 glorious years** of service to the nation, memorable events shall be organized to mark the success of the Institute. We are fortunate that the first program in this line is being organized by IIT Roorkee Alumni Association, Lucknow chapter on **23rd/24th April 2022** at **Indira Gandhi Pratishthan**.

In this year long festivity, the local chapters, which are spread across India and globally shall organize technical as well as educative programs, beneficial to society.

In continuation, we wish to present our young and budding Engineering students before the eminent Technocrats, engineers through exhibition of concept presentation on use of technology in our social life.

This is a great opportunity for the energetic and talented students to present their skill in the model/prototype making competition before the veteran professionals in the field whether Academia or Professional.

The entries shall be evaluated in two stages.

1. The students shall be required to submit the concept and brief about their project in PPT mode
2. The evaluation committee shall short list five best concepts from the entries received against each category.
3. The students shortlisted shall be intimated to submit the detailed working presentation/ Model for final evaluation of 2 projects against each category.

Time Line:

The concept and brief may be submitted by 15th March

The decision of evaluation committee shall be intimated to shortlisted entries only.

The detailed working presentation / Model shall be submitted by 16th April

The award winning entries shall be intimated by 20th April.

The venue for submitting and presentation of the working model is Dr A P J Abdul Kalam Technical University, Jankipuram Extension Lucknow.

***The entries in the form of PPT should be submitted online at: iitraalko@gmail.com**
