Noida: The Uttar Pradesh Technical University (UPTU) will organize a job fair on its Noida campus, and expects 1,000 students to attend the event on July 17. About 10 firms, including multinational companies like Wipro, Genpact, Convergys, HCL and iYogi, are expected to take part in the job fair.

The companies will interview students, who completed BTech and MBA courses from UPTU-affiliated colleges during the academic years 2012-13, 2013-14 and 2014-15.

KK Chaudhury, UPTU registrar, said that the university has asked the affiliated colleges to make a list of eligible candidates and register them for the placement process. "The students need to register themselves by sending an email to gaurav@kveconsultantsltd.com before July 13. Based on the list of participants, the students will be shortlisted for the interview," he said.

Officials said that on the day of the interview the students need to carry at least five copies of their resume, photocopies of their educational certificates and photographs.

In case some companies are unable to attend the event, the shortlisted students may have to appear for the interviews at the company office later.
